Hanging Gutter Growing System Certificate

We hereby certify that Mapal Hanging Gutter Growing System for Strawberries is made with fully recyclable plastic materials and has been in use in Mexico and Indonesia for 5 years, in Israel for 6 years, Cyprus for 4 years, France for two years, Indonesia, Malaysia, Japan and Russia as well as South Africa use it.

The environmental advantage of this technology is that it prevents any pollution of the soil by fertilizers because it is a soil less system that also allows the recycling of the irrigation waste.

Dr Orit Cohen
Technology Dep. Manager
